

How to Download the Google Toolbar

- 1) From Internet Explorer, navigate to www.toolbar.google.com and install the latest version of the toolbar.

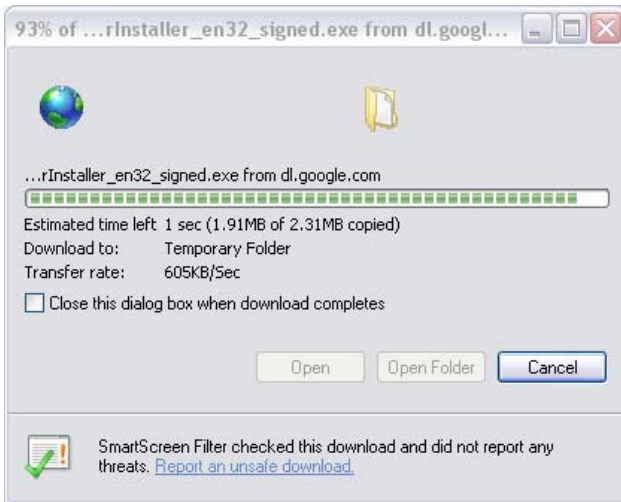

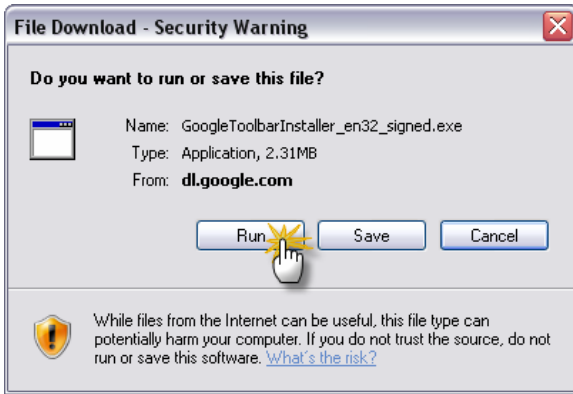

The screenshot shows the Google Toolbar website. At the top left is the "Google toolbar" logo. To the right is a language selection dropdown and a "Help" link. Below the logo is the text "New! Toolbar, with advanced web page translation". The main content area features a preview of the toolbar installed in an Internet Explorer browser window, with a red circle highlighting the toolbar icon. To the right of the preview is a large blue button that says "Install Google Toolbar 6". Below this button is a "Privacy Policy" link and the text "Requires Internet Explorer 6.0+". Below the installation button are three bullet points describing features: "Translate web pages instantly with automatic language detection.", "Browse faster with instant suggestions as you type in the search box.", and "Launch applications and websites easily with the Quick Search Box." At the bottom of the page is the copyright notice "©2009 Google - [Toolbar Privacy Policy](#) - [Google Downloads](#)".

- 2) Agree to the terms of service

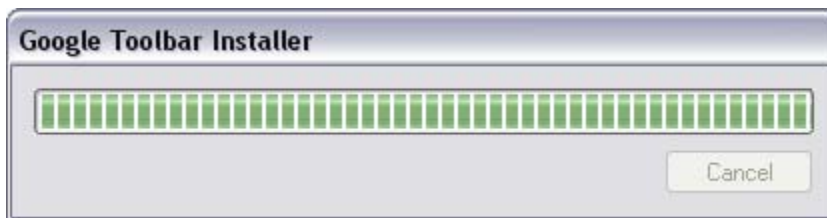

The screenshot shows the Google Toolbar website's terms of service agreement page. At the top left is the "Google toolbar" logo. To the right is a "Help" link. Below the logo is the text "Install Google Toolbar 6" and "By downloading, you agree to our [Terms & Conditions](#) below and [Privacy Policy](#)." The main content area is titled "Google Terms of Service" and contains the following sections: "1. Your relationship with Google" with sub-section "1.1 Your use of Google's products, software, services and web sites (referred to collectively as the 'Services' in this document and excluding any services provided to you by Google under a separate written agreement) is subject to the terms of a legal agreement between you and Google. 'Google' means Google Inc., whose principal place of business is..."; "Configure your toolbar" with three checkboxes: "Set Google as default search in Internet Explorer and notify me of changes", "Set my home page to Google", and "Enable PageRank ([Learn more](#))"; and "Usage statistics sent by the Toolbar are not associated with your personal information, and can be disabled through the Toolbar Options." At the bottom of the page are two buttons: "Accept and Download" and "Cancel". At the bottom of the page is the copyright notice "©2009 Google - [Toolbar Privacy Policy](#) - [Google Downloads](#)".

- 3) Download the Google Toolbar file

4) Run the Software file

5) The Google Toolbar is installed

Google toolbar

Google Toolbar is now installed in your browser

6) Go to www.shopkey5.com

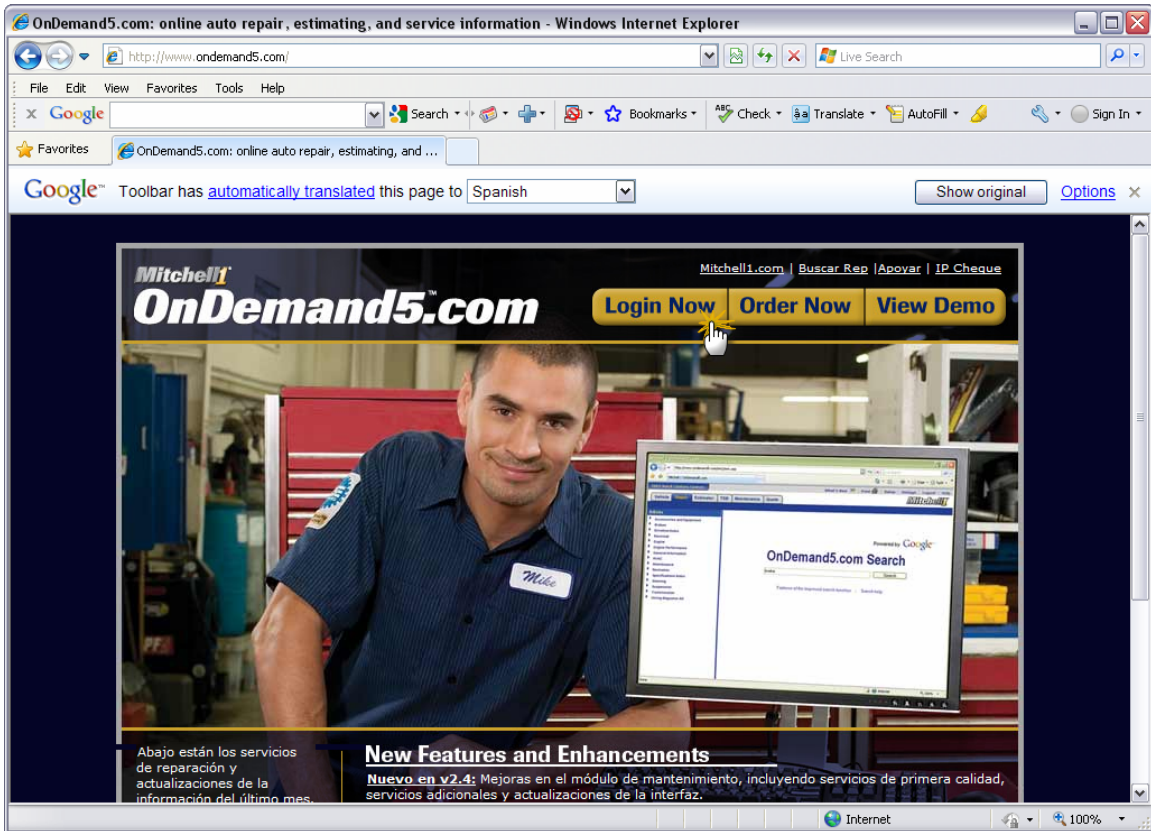

7) Translate the Page to Spanish

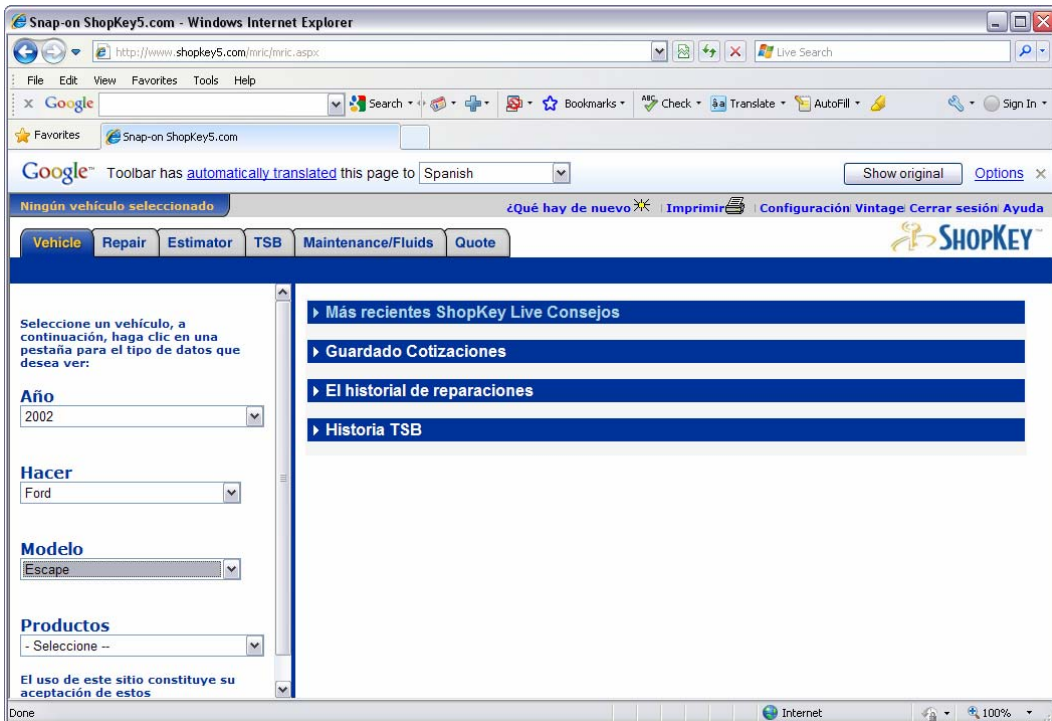

8) Login to OnDemand5.com

9) Select a YMM

10) Select Repair Information

The screenshot shows a web browser window titled "Snap-on ShopKey5.com - Windows Internet Explorer". The address bar displays "http://www.shopkey5.com/mric/mric.aspx". The page content is in Spanish and features a navigation menu with tabs for "Vehicle", "Repair", "Estimator", "TSB", "Maintenance/Fluids", and "Quote". The "Repair" tab is active, showing information for a "2002 Ford Escape".

The main content area is titled "MOTOR" and includes the following text:

El motor 2.0L Zetec es un cuatro cilindros en línea con doble árbol de levas y 16 válvulas. Los 16 cabeza de la válvula del cilindro mejora la eficiencia volumétrica, en particular a altas velocidades del motor.

La culata está hecha de aleación de aluminio y el bloque de cilindros es de hierro fundido.

Ubicación del número de serie en Bloque de cilindros

Fig. 1: Localización del número de serie El Bloque de cilindros
Cortesía de Ford Motor Co.

La bujía de encendido está instalado en el centro del techo en forma de cámara de combustión para encender la mezcla aire / combustible en la cámara de combustión. La ubicación central de la bujía hace que el frente de llama para ser repartido uniformemente por toda la cámara de combustión, lo que también reduce la chispa llamar.

Ambos árboles de levas están accionados por un correa de distribución compartida, y operan cuatro válvulas por cilindro por medio de varillas de levantamiento de válvulas mecánicas. Un resorte de válvula en cada válvula se utiliza para cerrar la válvula.

On the right side, there is a sidebar titled "MOTOR - 2.0L ZETEC" with a table of contents:
